

# Good Character Leaves You Smiling!

## Fall Kindness Project

During the month of November, talk to students about being kind to one another. Challenge the students will to do 5 kind deeds.

Each morning when students arrive in class, they will put a sticker on their leaf if they have done a kind deed for someone else in class, at home or in their community.

This is a great way to incorporate being kind to one another and decorate your room for fall.

### Supplies Needed:

- Colored paper -Print the leaf template on various colors of paper to make your room colorful and have the students cut them out and put their names on them. The leaf template is provided for your convenience [here](#)
- Stickers
- Markers to write students name on leaves
